RICHMOND

MANUAL TRANSMISSIONS & COMPONENTS

Richmond Gear

- New **internal rail 5-speed** available in 2021!
- New: 4 and 5 speeds are 10% lighter with even more durable cases.
- New **T10-PRO** with rollerized gun-drilled main shaft.

Motive Gear

- Widest range of transmission components.
- Full rebuild kits for most domestic models.
- Many hard-to-find transmission parts!

RING & PINIONS

Motive Gear & Motive Gear Performance

- 8620 & 9310 Steel for guaranteed performance under the toughest conditions!
- Computer controlled machining (CNC) from start to finish.
- Widest range of gear ratios available for street, on and off-road racing.

Richmond Gear

- 80 Years of winning on the race circuit!
- The top performing gear set in many top-fuel dragsters.
- Winners Run Richmond

Excel by Richmond

- High quality value ring and pinion gear sets for off-road trucks, Jeeps and OE replacement in most vehicles.

DIFFERENTIAL

Powertrax

- **Lock-Right**, the original locking differential for serious straight-line performance!
- **No-Slip**, serious traction for street-able vehicles.
- **Powertrax Grip LS** uses carbon-fiber and steel friction plate technology, to deliver street-able and consistent traction.
- **Powertrax Grip PRO** is a gear driven limited slip differential designed to be among the strongest and most durable in the industry.
- **Powertrax Grip LOK** is the ultimate in traction, combining the fully-automatic locking action of our traditional locker, with the strength of a fully machined case.

Motive Gear

- Full Spools are stronger and weigh less than any other locking differential. Essential on all dedicated on or off-road race vehicles.
- Mini-Spools are the toughest on the market. Built with the dedicated racer in mind.

BEARINGS & BEARING KITS

Motive Gear

- All bearing kits come with Koyo® or Timken® bearings.
- Kits include front & rear pinion bearing, pinion seal, carrier bearings, pilot bearing (where applicable) gear marking compound, crush sleeve, thread locking compound and gasket or Rtv.

AXLES & DRIVESHAFTS

TEN Factory

- 10-Year REAL WORLD warranty!
- Dual heat-treated 4340 chromoly steel in our strongest axles.
- 30, 33, & 35 spline upgrades available.
- Precision forged for quality, strength and performance.
- Tough chromoly drive shafts for Jeep Wranglers!

Motive Gear

- Widest range of original equipment replacement axle shafts and kits available anywhere.
- Outperforms original equipment.
